

# NEW wine on tap

We are proud to offer our guests "wine on tap." This trend setting method of wine delivery has been recently adopted by top restaurants in New York, Chicago and L.A.! Today's technology of "wine on tap" provides a single glass of fresh wine, just as the winemaker intended it to be! Freshness, excellent quality wineries and eco-friendly packaging (no glass bottles, paper labels and boxes), allow every glass to be as enjoyable as the next.
